CONTACT ONE

Want to accept credit cards in your business? Whether you have a retail location(s), sell your products or services over the phone or via the Internet, businesses and consumers like the flexibility of paying by credit card. Studies show that accepting credit cards may not necessarily increase your number of sales but will most assuredly increase the amount of the average sale, increasing your revenues. It pays to accept credit cards!

Already accept credit cards as a payment option for your customers? We guarantee that our program will provide you with better customer service **and at the lowest rates the industry will allow!** Put us to the test. Take the "Contact One Challenge". Our Challenge is, "if we can't beat the rates you are currently paying and save you money every month on your credit card processing fees, we will write you a check for **\$100.00** just for taking the time to fax us a merchant statement for a FREE analysis!" Fax your merchant statement to us today to 1-303-231-0940 and be sure to reference the "Contact One Challenge"! We will send the results to you in a few days and then explain what is involved in making the switch, if you like the savings.

Contact One's Merchant Services Program offers you the latest in card present terminal equipment, whether that be the conventional dial terminal equipment or the latest Internet based terminals, which will allow you to eliminate the cost of a telephone line. If you currently accept credit cards in your business, there is no need to replace your existing equipment. We can reprogram the equipment you have, eliminating any up front costs associated with making a change. We are compatible with virtually every terminal on the market as well as with most of the software programs in use today for credit card acceptance.
